

Activity Poster

Catch the Thief!

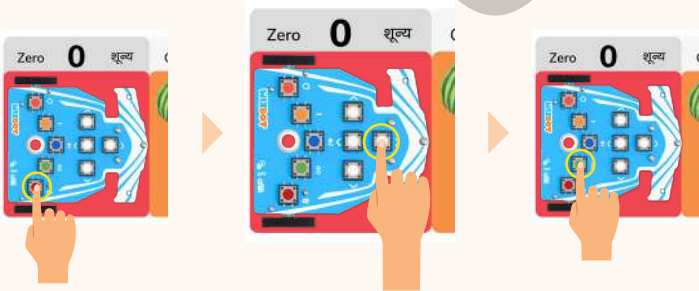

Let's Play!

Things to Use

4!

Press 'Forward' four (4) times

Teacher's Handbook

Learning Objectives

1. **Numeracy:** Students will be able to count and press "Forward" four times to catch the thief.
2. **Literacy:** Recognize and say the word "Four" aloud.

Rhyme

*Forward, forward, let's go fast,
Catch the thief and make it last!
Four steps forward, we're on our way,
Justice wins at the end of the day!*

Things to Use

Concept Explanation

Instructions

(Duration: 25 mins)

Step 1: Prepare

- Collect wizbot, activity cards, and the thief card.
- Set up a clear area to program and move wizbot.

Step 2: Discuss

- Explain the goal: code wizbot to catch the thief.
- Ask students how many steps are needed to reach the thief.

Step 3: Demonstrate.

- Show how to press "Forward" for four steps.
- Perform an example to reach the thief's location.

Step 4: Engage

- Let students program wizbot and count steps aloud.
- Encourage them to celebrate catching the thief!
